**SECOND REQUEST FOR RECONSIDERATION OF PETITION FOR WAIVER OF
SIGNATURE REQUIREMENTS UNDER 37 C.F.R. § 1.183 and/or § 1.47(a)**

Sir:

This Second Request for Reconsideration of Petition is being filed responsive to the Decision on Petition (hereinafter "Decision") mailed January 30, 2006 from the United States Patent and Trademark Office. The Applicants hereby request reconsideration of the petitions filed October 5, 2005 and December 21, 2005 for the suspension of the signature requirements for Mr. Stefan Ufer under 37 C.F.R. § 1.183 and/or § 1.47 as Mr. Ufer has refused to sign the necessary papers to amend the designation of inventorship in the above-identified patent application as requested in the Request for Correction of Inventorship under 37 C.F.R. § 1.48, which was filed with the USPTO on October 5, 2005. Additional Evidence in support of the suspension of rules/waiver of signature requirements is provided herein as requested in the Decision.

In particular, the Decision states that a grantable petition under § 1.47(a) requires five items and that Applicants' petition lacks (1) proof that the non-signing inventor cannot be reached or located, notwithstanding diligent effort, or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims and drawings). See Decision, page 3.

With respect to item (1), Applicants provide herewith at Tab A a copy of a the certified letter sent to the non-signing inventor, Mr. Stefan Ufer, on December 21, 2005. As stated in the certified letter of December 21, 2005, Applicants' representative once again forwarded a copy of the application papers, statement under 37 C.F.R. § 1.48, Assignment and Declaration to Mr. Ufer. As indicated by a copy of the certified receipt signed by Mr.

Ufer included herewith at Tab B, Mr. Ufer, in fact, received the certified letter and associated papers and has, once again, failed to respond. Applicants have not received any written or oral communication from Mr. Ufer in this matter. The Decision states that these facts will satisfy item (1). *See* Decision, page 3. Accordingly, Applicants submit that Mr. Ufer's failure to respond to the certified letter of December 21, 2005 is a constructive refusal on the part of Mr. Ufer to sign the statement under 37 C.F.R. § 1.48, Assignment and Declaration.

Applicants have provided herein the necessary items to satisfy item (1) for a grantable petition under 37 C.F.R. § 1.47(a) as requested by the Decision. Accordingly, Applicants respectfully request that the signature requirements for the statement pursuant to 37 C.F.R. § 1.48 with respect to lack of deceptive intent, the Assignment and the Declaration be waived so the proper inventorship may be on file in the above referenced application.

The petition fee was paid with the filing of Applicants' first petition of October 24, 2005. However, any additional fees or refunds associated with this transaction may be charged or overpayment credited to our Deposit Account No. 50-0220.

Respectfully submitted,
